INFORMATION SYMBOLS

These helpful symbols let you quickly see the key characteristics of a product. For example, on all our chefs wear we show you the cotton content and the weight in grams per sq metre of the fabric.

Cotton Fibre Content: This tells you the proportion of cotton in the fabric, as a percentage. Generally, higher cotton content makes clothes softer and more luxurious, but will possibly mean a shorter wear life. More cotton takes longer to dry.

Fabric Weight: This tells you the weight of the fabric, in grams per sq metre. Generally, the lighter weight fabrics are cooler and more comfortable to wear.

The StayCool® System is used in all of our Le Chef and AFD jackets and aids ventilation and moisture transfer away from the body. These items can still be laundered industrially.

Industrial Washing: This means that the fabric and/or the fastenings and contrasts are capable of withstanding repeated washing in an industrial laundry. This generally means they can be washed at up to 65°C.

Maximum Washing Temperature:

This shows the highest temperature (Celsius) you can wash the garment at, without impairing its look, finish or integrity.

Soil Release: These fabrics are easier to wash clean at lower temperatures. This is because they have been put through further processes in their manufacture to inhibit stains and dirt becoming ingrained into the centre of the fibres.

Bleach Resistance: These fabrics have protection from accidental marking by bleach and other kitchen chemicals. Generally, this is because these printed or dyed fabrics have been processed using VAT or reactive inks.

DENNYS BRANDS

CREASE

RESISTANT

Crease Resistance: These items require less ironing to remove creases, either due to the fabrics used or treatment during manufacture.

Hand Wash Only: We only recommend hand washing certain delicate items.

DRY CLEAN

Dry Clean: We recommend dry cleaning certain items.

Drip Dry: Easy care with long wear life. Must be kept away from extreme temperatures and naked flames.

EMBROIDERY SERVICE:

Our state of the art machines can embroider any logo, flag or text! **See page 2.**

Embroidery Service

We have invested in state of the art embroidery machines to speed up our ability to add logos or names to any garment. Enhance your branding by adding the company logo or give your uniforms the professional look by adding staff names, titles or national flags.

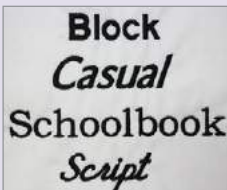

Monogramming –

Step 1: Pick your garment

Most of our garments can be embroidered – all chef jackets, aprons, shirts and polos or T-shirts. We can also embroider many of our hats and some of our other garments – if you're not sure just give us a call!

Step 2: Pick your font

Text can be up to 30 letters on two lines. Additional lettering is available if space allows.

Step 3: Pick your colour

We have hundreds of colours of thread on hand. Below are our standard colours but if you have a specific requirement, perhaps to match a company logo, we can colour match.

Red	White	Royal
Gold	Green	Black
Navy	Burgundy	

Step 4: Pick your location

These diagrams show the standard locations for embroidery – if you would like something different just ask us.

Corporate Logos

We are able to originate and add your own embroidered design to our garments. You will need to send us an image of your design and let us know the size that you would like it to be when embroidered.

National flags

We can embroider most national flags.

Crossed Flags

Can be sewn on the left breast or on a sleeve.

Standard Flags

Can be sewn on the left breast, sleeve or collar.

Cotton

- 100% Cotton
- Traditional heavy 280g
- Soft and absorbent
- More protective
- Protects you from spill liquids
- Feels natural

Polycotton

- 65/35 polycotton
- 245g twill weave
- Medium weight
- Hard-wearing
- Does not shrink
- Dries quickly

Polyester

- 100% polyester
- 195g lightweight
- Hardest wearing of all
- Easy wash
- Easy dry
- Non fade colours

All aprons are Industrial Washable at 65° (except waterproof aprons).

Bib Apron Adjustable Halter

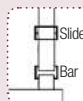

The bib apron is the ideal, low cost uniform option. It covers up staff clothing to make a consistent look. One size fits all, so it can be pool stock and available to all staff. It also gives you a large area for embroidery and badging.

But will it fit everyone?

Unless it has an adjustable halter it will not. Our new patented and registered system is hidden. It is laundry proof. It also gives you continuous adjustment, so that waist tapes will always be smartly on the waist.

Dennys: Proud sponsors of The Clink Charity

We are proud sponsors of all clothing for the Clink prison restaurants and Event Catering business.

The Clink Charity's sole aim is to reduce reoffending rates of ex-offenders. They work in partnership with Her Majesty's Prison Service to run projects that train and give practical skills to prisoners to aid their rehabilitation. **The Clink Restaurants** allow prisoners to learn, engage with the public and take their first steps towards a new life.

PICK A POCKET APRONS

It's fun, it's simple – and it puts you in control!
Our brilliant range of coloured aprons allow you to match any colour scheme or branding. Now you can customise your apron with a cool patch pocket while making it even more useful too!

Do you want your pocket to be cool and concealed with same colour subtlety? Or in a stylishly complementary colour? Or as a visual cacophony of clashing colours?

You have all the colours of the value colour range to choose from, except white, **see page 6**.

TRADITIONAL PATROL & CARVERS JACKETS

These jackets are an evergreen and have been in our ranges since the beginning. We still make these in traditional 100% heavy sateen cotton drill to maintain that authentic touch. Yes, they will need more ironing but you will achieve the crispness and smartness that no other fabric gives. Made in comfortable sateen 100% cotton.

SPA, BEAUTY AND HOSPITALITY TROUSERS

From the same bleach resistant, easy-clean fabric as our tunics, comes the beauty and spa trousers. With styles for both men and women, they have been designed for comfort with the added benefit of looking stylish too!

LADIES TROUSERS

Featuring a wide waist band, as well as being high-waisted for style and comfort.

- Colour fast and bleach resistant
- Easy clean and quick dry
- Crease resistant

Sizes: 6 - 20

1 DC40 Cropped length
(Leg Length 55cm)

2 DC40/U Unhemmed full length
(Leg Length 85cm)

These trousers can be finished to suit individual leg measurements either in house, or by the customer.

MENS TROUSERS

A housekeeping and spa trouser in a relaxed yet smart Chino style. Half elasticated waist at back and fly front closure.

- Soil release finish for amazingly easy cleaning
- Colour fast and bleach resistant
- Quick drying

Sizes: XS - 2XL (Leg length 80cm)

Pocket: One at back

Chefs Jackets

You have a good reason to choose
Dennys clothing

If you 'just' make a chef's jacket – without asking chefs what they need, and without considering materials, cut or features – then you'll end up with 'just' a chef's jacket. Many of our competitors seem to think like that. Dennys doesn't.

That's why our chef's jackets are beautifully cut for extra comfort and coolness.

Quality cloths: A range of 4 cloths to meet every preference and work situation:

- 100% Cotton
- 50/50 Polycotton
- 65/35 Polycotton
- 100% Polyester

Choice of fastenings: Press studs, cloth or plastic buttons or 32 colours of plastic studs.

Shaped sleeve: We take the trouble to shape the sleeve for increased ease of movement and comfort.

Carefully designed for extra comfort: We don't have raw collar seams to chafe, and our collars taper away for increased comfort. We feature turn-back French cuff and give you an overall longer length. 76cm (size M).

Alteration service: We can alter anything - just ask our helpful staff for details when you order.

◀ Embroidery - see [page 2](#)

Why buy Dennys?

We believe we have the strongest brands in the market for the widest choice of price and features.

Dennys brand Traditional value.

AFD brand Affordable High-tech range.

Le Chef brand The market leading premium brand with the best fabrics and features.

The

LeChefTM
PROFESSIONAL

Ambassadors

Dominic South

Megaro Hotel, London

"As for the uniforms, I find Le Chef very comfortable, and the addition of air vent, particularly on the trouser, take the heat off during a very busy service...If you know what I mean."

George Scott-Toft

Serge et Le Phoque, HK

"Our restaurant aim is to source the best products available. This includes wearing a well made uniform, like those supplied by Le Chef."

Alex Boyes

Graham St, Auckland

"I like that Le Chef moves with the times. Not all chefs want a traditional jacket and I find Le Chef are great for offering alternatives that are still high-performing, excellent kitchen wear."

Richard Ousby

The Smokehouse, Brisbane

"I appreciate great quality in everything we use at Stokehouse, Le Chef is no different."

Cotton Rich :

The high cotton content of this fabric has a soft luxurious feel. Traditional kitchen fabrics improved with Le Chef technology.

Laundry Tough :

Made for hardworking, hardwearing professionals to withstand tough laundry processing.

Cool & Lite :

Lighter fabrics with sports technology to keep you cool in the hottest of kitchens.

LE CHEF EXECUTIVE

LADIES LE GRAND CHEF JACKET

After the success of the LE GRAND CHEF jacket for men, we have created the exact equivalent for women. Its feminine fit and StayCool® System make this jacket ideal for both work and presentation. Easy care finish for crease resistance while working and during washing.

- **Best quality Egyptian cotton**
- **Handmade buttons**
- **StayCool® collar lining**

LE CHEF AMBASSADOR

"Le Chef uniforms are the most amazingly comfortable chefs uniform to wear on a busy daily basis an absolute pleasure to work in. Thinking about it I wear them more than anything else I own."

**Piquet Restaurant,
Newman Street, London**

Robert Meskimming

LE CHEF EXECUTIVE

unisex LE GRAND CHEF JACKET

Easily the finest hand finished jacket we have ever made. Available in both Long and Short Sleeve, with hand rolled, anti-crush buttons.

Cotton from Egyptian fibre is more breathable and becomes softer over time with use. It will not pill. This high-quality fibre is longer and narrower than other cottons, allowing thread counts of up to 1,000 per square inch. This means lighter weight, and extra strength and durability - easily lasting up to 10 years.

Tailored to be worn in the kitchen and front of house, the fine cotton coupled with our underarm "StayCool® System" diamond panels will ensure you remain cool and comfortable.

A jacket with real presence:

- Perfect for Senior Chefs
- Perfect for Competitions
- Perfect for TV and Demonstrations
- Perfect Gift

Chest Sizes: 38" - 52"

Back length: 78cm on 42" chest

Pockets: Sleeve Pen Pocket

Like all premier tailoring, our LE GRAND CHEF jacket arrives in a stylish presentation box.

TAILORING

This catalogue contains a selection of our front of house hospitality range. We also have full ranges of all front of house and tailoring available as well as bespoke options through our Joseph Alan and London Tailors brands. Call us now for the Front of House catalogue.

The following is a general guide to their fit:

Men

Short Up to 173cm (5' 7")

Regular 175cm (5' 8") – 180cm (5' 11")

Long 178cm (6' 0") – 190cm (6' 3")

Women

Petite Up to 155cm (5' 3")

Regular 160cm (5' 4") – 172cm (5' 8")

Long 177cm (5' 9") and over

MEASURING

- Chest** - Measure around the fullest part of the chest or bust, keeping the tape level and held gently.
- Waist** - Measure around the body level with the top of your waistband.
- Trouser Inside Leg** - Place tape at fork position and continue down leg to the seam line of your shoe heel. Alternatively measure a pair of your favourite trousers.

Tips to keep Chefs whites bright

To keep whites bright, it is best to take care of stains as soon as possible. Always use an Oxygen bleach like Oxi-clean, Vanish or similar. Using a chlorine bleach will yellow the fabric resulting in dingy whites. If heavily soiled, soak the whites before the wash in the oxygen based bleach to lift the stains before the wash process. Pre-soaking should be done at a cool temperature. Soaking in hot water, will cook the stains into the fabric. Laundry blueing and optical brightening agents can also be used to restore brightness to your whites.

GARMENT CARE

- It is essential to read carefully the care instructions shown on the garment label.
- These care recommendations have been chosen to give the best results in cleaning, drying and ironing. It is important that they are followed to maintain the good appearance and wear life of the garment.
- Always wash dark and bright colours before wearing to prevent possible colour rubbing onto lighter garments or skin.
 - Wash dark or bright colours separately to avoid staining of light colours in the wash.
 - For best results do not mix fabrics with different fibre content in the same washload.
 - Wash garments frequently to prevent heavy soiling.
 - If tumble drying is recommended, you should select temperature/cycle duration setting from the wash temperature given on the label, e.g. if washing at 40°C then tumble dry at warm, if washing at 50°C+ then tumble dry at hot. Never overdry, to prevent shrinkage of fabric or garment.
 - 100% cotton garments benefit from being pressed whilst still slightly damp.
 - Reshape knitted garments whilst damp.
